Graduation Rates

Madison, Minneapolis and Rockford Locations

Madison / Minneapolis Media Institute and Rockford Career College reports graduation rates annual as part of the Student Right-to-Know and Campus Security. The data reported here are for the cohort period of students enrolled as of October 15, 2010 for the Madison and Minneapolis campuses, and October 15, 2013 for the Rockford campus.

This data represents the progress of students who began their studies as full-time degree or certificate seeking students to see if they complete a degree or other award such as a certificate within 150% of “normal time” for completing the program for which they enrolled. Not all students at this institution are tracked for these rates. Students who have already attended another postsecondary institution, or who began their studies on a part-time basis, are not tracked for this rate.
